

2008 OCAC Overseas Young Engineering Professionals Program Overview

Objectives:

1. Improve understanding of the development of politics and economy in R.O.C.(Taiwan).
2. Build networking opportunities for outstanding engineering professionals and assist R.O.C. (Taiwan) internationally.

Time: October 26 – 30, 2008

Eligibility: Under 40 years old (must be born after 1/1/1968) second-generation Taiwanese engineering professionals are invited to apply.

Special Features of the Program:

1. English seminars/ talks (from Taiwanese scholars and government agencies) and exchange of ideas with growing companies.
2. Visiting the Ministry of Foreign Affairs, the Mainland Affairs Council, the Industrial Technology Research Institute, and the Hsin-Chu Science Park.
3. Taking a ride of Moukong Gondola, and a high-speed rail tour to Hsin-Chu area.
(Specific activities are subject to change.)

Notes:

1. Participants are entitled to partial airfare reimbursement by bringing original receipt and plane ticket during the program. Airfare reimbursement varies according to different location (cultural centers) that you sent your application.
2. Food, lodging, travel/transportation, and insurance during the stay in Taiwan will be sponsored by OCAC (Overseas Compatriot Affairs Commission, R.O.C.), but any family member(s) traveling along are excluded.
3. If the group of selected/ recommended applicants is less than 20 in total number, this year's program is subject to be cancelled.

Application Procedure:

Please fill out the application form below and submit it to caaps@caaps.us immediately.
